IMPORTANT SAFETY NOTICE!

SI TECH DRY SUIT INFLATION HOSE SUBJECT TO RECALL FOR REMOVAL OF PLASTIC FLOW RESTRICTING INSERT!

Dear Customer,

We got informed from our Drysuit supplier Mobby's that SITECH, who is the producer of the **inflation hoses** used by Mobby's, announced a RECALL on their low pressure inflation hoses.

The low pressure hose contains a flow restricting insert, of colour black, blue or green.

The insert may malfunction by dislodgement from the connection valve, potentially causing an obstruction of the air flow.

THEREFORE FOR YOUR OWN PERSONAL SAFETY AND TO AVOID POSSIBLE DANGEROUS ACCIDENTS. STOP DIVING WITH A HOSE SUBJECT TO THIS RECALL (OR WITH A DRY SUIT OR ANY OTHER EQUIPMENT THAT HAS BEEN CONNECTED TO SUCH A HOSE) UNTIL THE INSERT HAS BEEN REMOVED

The Mares products involved in this recall, sold from 2006 thru 2009, using the SITECH LOW PRESSURE INFLATION HOSE, are the following:

- 412012 DRY SUIT POLARFIT TLM
- 412014 DRY SUIT DRYFIT 3.5 LX UNI
- 412015 DRY SUIT DRYFIT 3.5 NP UNI
- 412016 DRY SUIT ICEFIT 4.0 LATEX MEN
- 412017 DRY SUIT ICEFIT 4.0 LATEX WOMEN
- 412018 DRY SUIT ICEFIT 4.0 NEOPRENE MEN
- 412019 DRY SUIT ICEFIT 4.0 NEOPRENE WOMEN
- 412010 DRY SUIT DRYFIT 3.5
- 412011 DRY SUIT ICEFIT 4.0
- 480094 DRYFIT 3.5 LX MAN W / RADIAL BOOTS
- 480095 DRYFIT 3.5 LX LADY W / RADIAL BOOTS
- 480096 ICEFIT 4.0 LX MAN
- 480097 ICEFIT 4.0 LX LADY
- 480098 POLARFIT TLM LX MAN

PLEASE CONTACT THE NEAREST AUTHORIZED MARES SERVICE CENTER.

ALL AIR FLOW RESTRICTION INSERTS, REGARDLESS OF COLOUR, MUST BE REMOVED FROM SITECH LOW PRESSURE INFLATION HOSES.
